

# micro

by Montana Colors

As powerful as a Hardcore but in 30ml, for tag maniacs. Ready to join you wherever you go. Halfway between a spray and a souvenir, the Micro from Montana Colors is the smallest spray paint can on the market. **High Pressure Gloss Spray. Modified Alkyd Enamel. Micro 30ml Cans come with a #MD1000207 Banana Yellow Cap.**

MT EX0109011 (R-9011)  
BLACK

by Montana Colors

The Montana Colors pocket can. Its size, six different colors, and high-pressure in a 150ml can might be more than it may seem at first, thus making it the best can to have on you at all times. For use on any surface. The "Pocket Cap" included with the can and it's high velocity gives off a thick spray with a far range. Sometimes less is more, even when you have enough. **Low Pressure Matte Spray. Modified Alkyd Enamel. Pocket 150ml Cans come with a #MD1000214 Pocket Cap.**

# ALIEN

ART CONCEPT

by Montana Colors Synthetic formula perfect for high detailed work with excellent coverage and satin sheen. New hi tech variable pressure valve allows incredible control and 100% versatility in any application. Although the Alien 250ml can has a smaller size, they will nearly cover the same surface as a 400ml MTN Hardcore. Alien has a 23 limited color range with only the best covering colors out of the MTN Hardcore color palette. **Low Pressure Satin Spray. Modified Synthetic Enamel. Alien 250ml Cans come with a #MD1000225 Hardcore Skinny Cap.**

# T.N.T

by Montana Colors

T.N.T. paint bomb was created as a subversive but inoffensive weapon which permits expression of a fight, but also the desire for peace. Via this project of solidarity, we have been able to donate 7% of the sales for this product to humanitarian and environmental causes, in an exercise of personal and sincere compromise, because change begins with each one of us. **High Pressure Matte Spray. Modified Alkyd Enamel. TNT 400ml Cans come with a #MD1000222 Astro Fat Cap.**
