ORIGINAL B&J Specially Prepared

"The Masters"®

BRUSH CLEANER and PRESERVER

Painting by Jean L. Weissenborn

ACMI AP Art & Creative Materials Institute Certified
Conforms to ASTM D 4236

Since 1979, artists have relied upon The Original B&J Specially Prepared "The Masters"® Brush Cleaner and Preserver to take special care in cleaning and conditioning artist brushes. "The Masters"® Brush Cleaner is the world's finest total care product for brushes that cleans and conditions in one step. It contains no harsh thinners; is non-flammable, and is environmentally safe.

Using only water, "The Masters"® is specially formulated to remove oils, acrylics, watercolors, stains, varnishes, and helps to prevent paint build-up in the ferrule. "The Masters"® works beautifully on the finest sable and bristle brushes, and makes cleaning up nylon and synthetic brushes a snap. Keeps brushes like new!™

Title: How to Draw Cartoon Aliens, Robots & Space Monsters!
Author: Animator/Cartoonist Matthew Luhn
Publisher: General's® Art Press — Number of Pages: 76
Item #: 699B6 — MSRP: $17.95
UPC: 0-44974-69926-6 — ISBN: 978-0-9823671-5-5
Master Carton: 44 ea

Hi, I'm Matthew Luhn. When I was three years old I drew my first cartoon character, and haven't stopped drawing since. I grew up in the San Francisco Bay area where my family has owned and operated Jeffrey's Toys for three generations. My Mom and Dad supported my love of drawing, and today I work at Pixar Animation Studios near San Francisco where I have been helping to create animated stories and characters for over 20 years! I continue to share my love for drawing by teaching kids and adults all over the world, how they too can turn their doodles into cartoons.

Hi, I'm Matthew Luhn. When I was three years old I drew my first cartoon character, and haven't stopped drawing since. I grew up in the San Francisco Bay area where my family has owned and operated Jeffrey's Toys for three generations. My Mom and Dad supported my love of drawing, and today I work at Pixar Animation Studios near San Francisco where I have been helping to create animated stories and characters for over 20 years! I continue to share my love for drawing by teaching kids and adults all over the world, how they too can turn their doodles into cartoons.

TRUSTED BY ARTISTS *Since* 1889

GENERAL'S® Cedar Pointe™ Pencils have a genuine raw wood incense cedar finish. Made from sustained yield incense cedar wood, they have a smooth #2/HB graphite core with a comfortable hex grip, and a soft black eraser.

GENERAL'S® art and craft pencils come to you from our factory in Jersey City, New Jersey. We believe in quality, tradition, value, and the fun of creating. We take pride in handcrafting quality pencils and artist materials using traditional methods passed down for five generations. Our history dates back to 1864 when Edward Weissenborn began the first pencil factory in the USA. In 1889, Edward and his son, Oscar A., began what is now General Pencil Company. Still family owned and operated, our goal is to create consistent, quality products in a sustainable manner
for artists of all levels.
